Background

Louis sources grapes from around the Klein Karoo looking for special vineyards and micro pockets with great potential together with the farmers the vines are nurtured for to give great quality Klein Karoo wines that will wine redefine your perception and win your heart.

Challenging the norm these wines are Wild Cards in their respected varieties that will have you with a winning hand at any occasion. Predictably unpredictable these wines are full of character and revolutionizes the possibly of Klein Karoo terroir motivated wines.

Vineyards

These vineyards are situated between the peaks of the majestic Outeniqua Mountains. Planted in rocky granite soils on four wire Perold trellis over 600 m above sea level and only 20 km from the ocean in the heartland of the South African hops land. Fog from the ocean covers the vineyards till late in the morning and cool mountain breezes keeps the grapes cool during the afternoon. Resulting in excellent conditions to grow quality Sauvignon Blanc

Winemaking

Harvesting takes place mid-March during early morning to ensure the coolest possible berries. The fruit is handled with extreme care and only the best berries are hand selected. At the cellar the clusters

are destemmed and lightly crushed into a closed tank and left on the skins for a couple of hours. Then the free run juice is separated and fermentation takes place at cool temperatures for about a month. The wine is left on its lees for another 4 months before bottling.

Winemaker's comments

Colour: Clear crisp translucent colour.

Bouquet: Beautiful fresh green pepper, cut grass, fynbos opening up to passion fruit and guava fruit salad nose.

Taste: Fresh tropical fruits and cut grass/green pepper palate with a mineral flint finish, well balanced acidity and a lingering finish.

Food pairing

Great with fresh cob or west coast Stumpnose served with a lime dressing. The wine also works well with any pâté or salads.
